WARM UP

1000
MIGLIA 

AUSTRIA

26 - 29 SEPTEMBER 2024

THE WARM UP

The Warm Up is a preview of the “most beautiful race in the world”, an event reserved for a limited number of participants that offers the opportunity to learn or improve timing techniques for regularity and to deepen navigation skills.

Both experienced teams can participate, with the aim of training for the next edition of the 1000 Miglia, as well as enthusiasts who are unable to enter the 1000 Miglia or want to experience the thrill of the historic competition on a shorter route.

The Warm Up is an exclusive event, in perfect 1000 Miglia style, organised in extraordinary and unique settings.

THE ITINERARY

Alpine peaks and pastures, sparkling lakes, panoramic roads, characteristic towns, renowned cities: an itinerary designed to give participants a memorable experience between the beauties of Salzburg and Tyrol.

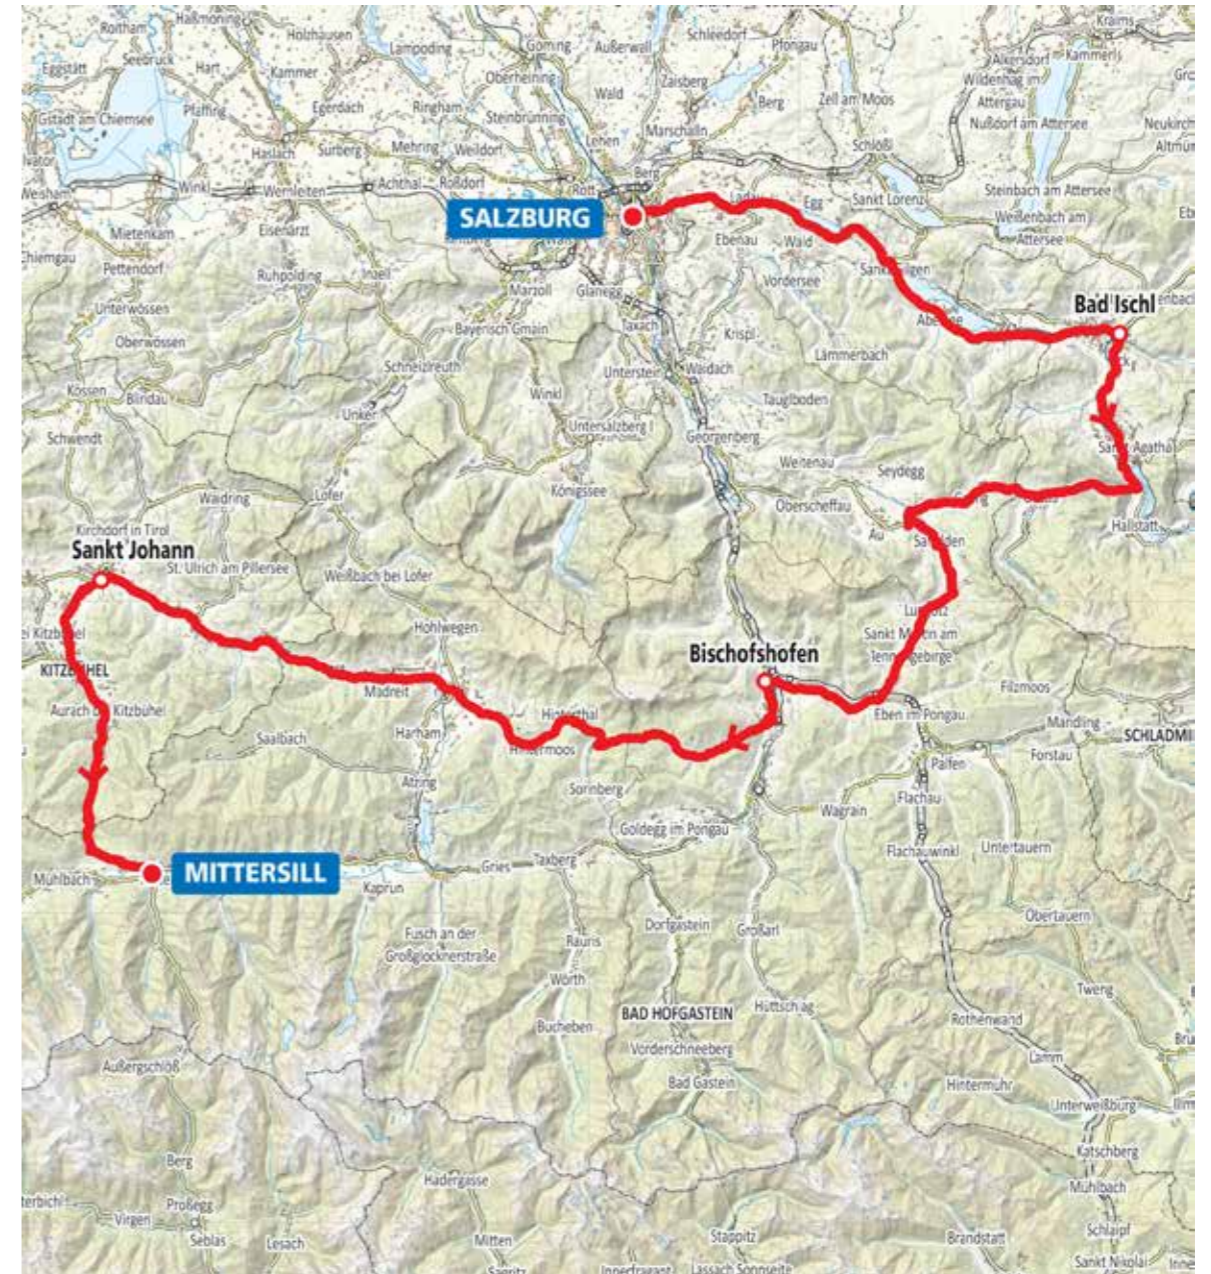

FIRST LEG

SALZBURG > MITTERSILL

SECOND LEG

MITTERSILL > SALZBURG

GALA DINNER AT HANGAR 7 - RED BULL

On Saturday evening, 1000 Miglia will gift all crews with an unforgettable evening, held in the most atmospheric location in Salzburg: Hangar-7.

Hangar-7 is a building owned by RED BULL. It is known to be a unique facility that houses a collection of historic aircraft, race cars, and helicopters, as well as an art gallery and several restaurants. This multifunctional space was designed to be a meeting place for aviation, motor sports and culture enthusiasts.

Some cars will be exhibited between Hangar-7 and the nearby Hangar-8. A transfer service will be activated to take guests to the hotel, allowing them to fully enjoy the evening and pick up the cars at the Hangar the next morning.
